COPE HEALTH SOLUTIONS/ SWEDISH MEDICAL CENTER
www.copehealthsolutions.org/

The Clinical Care Extender/PrepStep-Health Care Scholar program gives pre-health professionals unprecedented access to direct patient care. Program participants become valuable members of the patient-care team alongside nurses, physicians and allied health professionals in clinical and administrative settings. Program participants receive training to assist in basic patient-care tasks such as bathing, changing and feeding patients as they rotate among the different departments within the hospital. For instance, participants may have the opportunity to serve in areas such as the emergency department, observe surgeries performed in the operating rooms, witness babies being born in labor & delivery or participate in hospital projects.

Scott Sherer, Support Operations Manager
scott.sherer@intel.com

**ISPOT.TV**

ispot.tv

iSpot.tv is a fast growing venture backed start-up with rapidly ramping revenues. We have a product that is changing how brands, agencies and networks measure and assess the impact of TV advertising campaigns. Our software uses proprietary audio and video analysis to monitor and extract TV commercials, movie trailers and other promotional content from TV. At the same time, our software analyzes consumer interactions with TV ads on the digital screen across search, video and social. Interactions are matched with specific ads and attributed back to airings on TV.

We are looking for Jr and Sr Software Engineers, an IT Helpdesk candidate, Data Editors (English and Spanish) and Content Editors.

NOAA COMMISSIONED CORPS
www.noacorps.noaa.gov

The NOAA Commissioned Officer Corps is the uniformed component of the National Oceanic and Atmospheric Administration. NOAA Corps officers operate ships, fly aircraft, lead mobile field parties, conduct diving operations, manage research projects, and serve in staff positions throughout NOAA. Selected candidates are commissioned as Ensigns and, after successful completion of the 4-5 month long Basic Officer Training Class (BOTC), are assigned to a NOAA survey or research ship for 2-3 years. There is a 12-15 month service period.

The NOAA (National Oceanic and Atmospheric Administration) Commissioned Officer Corps is the seventh uniformed service. The service consists of approximately 321 commissioned officers. A typical officer's career is spent in a broad variety of assignments that rotate between 2-3 Yr sea duty and 3 shore stations. NOAA Corps officers operate ships, fly aircraft, lead mobile field parties, conduct diving operations, manage research projects, and serve in staff positions throughout NOAA.
