Examples

Learning Goals

Recommended: 2-4 learning goals
Examples:

- Increase my knowledge on technology education and issues of access in Washington State
- Through networking and research, better understand the threats local food producers face to becoming sustainable operations
- Further develop my data analysis skills while reviewing program outcomes supported by American Recovery and Reinvestment Act (ARRA) funding
- Learn how to assemble and manage a research team
- Learn how to mobilize stakeholders to take action around policies that enhance pedestrian safety
- Gain experience coordinating volunteer programs and managing volunteers
- Learn how to effectively use social media to galvanize political action around higher education policy issues
- Learn about the different facets of organizing and promoting a local film festival
- Understand the real issues facing Snohomish County’s homeless community and what clients at X shelter believe are effective solutions

Academic Products

Examples:

- I will submit samples of work from my internship produced at my site.
- I will prepare a 6-10 page brief addressing the following issues...
- I will submit a portfolio containing pieces of visual journalism, as well as textual artifacts of my own creation.
- I will produce a short film documentary, profiling the lives of five homeless men living at X shelter.
- I will keep a weekly reflection journal detailing my observations at X and write a final paper summarizing my key learning.
