Hi!
We hope your spring quarter classes are going well. Here are a couple of reminders as well as some information about Summer and Autumn quarter registration:

**Sunday, May 16 is the last day to change a class to the S/NS option or to drop a class and take a “W”**.

**Should you change a class to the S/NS option?** If you are not currently doing well in one of your classes, do you feel you can still do the work and learn from it? If so, you might want to consider changing from a grade to the S/NS option. The S/NS option will not impact your GPA and if you earn a 2.0 or above, you will be given credit for the class that may count toward your general electives (the credits will not count toward prerequisite or program requirements.) However, if you earn less than a 2.0, you will not be given any credit for the class. You have until May 16 to choose this option and can make the change online through MyUW.

**Should you consider dropping a class and taking a “W” (withdraw)?**
If you are in a situation in which you may not be able to make up enough ground to pass a course, this might be an option. However, you are only allowed one “W” annually (from AU09-SU10) and if you are receiving financial aid, withdrawing from a class may put you below full time status and impact your award. Contact Diane Liall in the Financial Aid office at diyall@uwb.edu with questions or concerns. You have until May 16 to choose this option and can make the change online through MyUW.

**Summer Registration is in process.**
Summer quarter has three sessions. A full term runs June 21 to August 20, “A” Term runs June 21 to July 21, and “B” Term runs July 22 to August 20. Generally speaking, there are fewer courses offered during the summer.
The UWB Summer time schedule is available online at: http://www.uwb.edu/registration/time/sum2010

**Are you thinking about taking a class at the Seattle campus?** You can register directly through MyUW. You will need the SLN# and any required add codes to register. Please keep in mind that if there are prerequisites for the Seattle class you want, you must contact the department housing the class for an add code. Also, if the class has a lecture and a quiz section, you must register for both.

Here’s the link to the UW Seattle Summer Time Schedule: http://www.washington.edu/students/timeschd/SUM2010/

**Information about Autumn Registration**

The Autumn 2010 time schedule can be found at: http://www.uwb.edu/registration/time/aut2010
and
Period 1 registration for Autumn will start as early as May 13 for Juniors, May 17 for Sophomores and May 20 for Freshmen:
Check your MyUW or the following link for registration dates: http://www.washington.edu/students/reg/priorau10.html

If you are planning to take a class on the Seattle campus, you may register during Period 2, which begins June 21.

1. You must have previously earned a minimum of 25 credits in residence at UW Bothell if you came in as a freshman. Matriculated transfer students must complete 15 credits at UWB (grades must be posted). Non-matriculated students may register in cross-campus enrollment for the summer quarter only.
2. The class may have a lecture and a quiz section. You must register for both sections.
3. If the course has prerequisites, you must contact the department housing the class for an add code. Wait to contact the department until Period 2 Registration (which starts Monday, June 21).

4. Register directly through MyUW with the appropriate SLN#s and add codes, if needed.

**Have you, or are you, in the process of applying to a major for Autumn quarter?** If/when you are accepted into a major, the department will contact you and you will be required to attend a department orientation, where you will be advised on your program and classes. However, quite often these orientations take place after Period I registration begins. Prior to your department orientation, your CUSP advisor will be able to help you identify some classes to register for that can be applied toward your prospective major or general University requirements.

**Are you still undecided about your major?** A hold will be placed on your registration when you complete 105 if you have not yet declared a major. You are encouraged to meet with a CUSP advisor to develop a plan. Additionally, the Career Center is an excellent resource. They have a variety of tools to assist you in the process of choosing a major.

**Are you interested in studying abroad?** Whether you are interested in studying abroad for a quarter or an entire academic year, this is a great way to include experiential learning in your college experience. Proficiency in a foreign language may not be required! Do some research to find the program that is right for you. A great resource is the International Programs & Exchanges Office on the Seattle campus; [http://www.ipe.washington.edu/](http://www.ipe.washington.edu/). It's very important to plan ahead. A CUSP advisor will be happy to meet with you to get the planning process started.

**Please, feel free to email CUSPAdvising@uwb.edu with any questions you may have. If you'd like to schedule an appointment to meet, please email CUSPAdvising@uwb.edu with the following information:**

- Full name and Student ID:
- Phone Number: (In case we need to contact you.)
- Subject Line: Appointment with CUSP Advisor
- Major area of interest:
- Reason for appointment:
- Please provide three (3) possible dates and times when you are available for a 30-minute meeting
