Hi there and welcome,

I am Olena and I will be your Resident Advisor of Spruce Hall, for the best school year of your life. Before I go on I would like to say one thing to you, do not ever hesitate to ask me anything, I am here to hear all your questions, comments, and concerns as well as here to give answers, help, and advise.

A little about me: I am currently a senior and majoring in Business Management at this university, best school in the world. I am just an ordinary student like each one of you who takes classes, complains about midterms and finals. Sometimes I drink too much coffee and red-bull, cram in for tests, and of course hang out with friends. I absolutely love kids and am a Kids Bible School teacher at my church. Going on random “adventures” is something I absolutely love doing. So, if you ever want to check out a shop, explore a town or even walk around in a park I would love to join if my availability permits. Watching movies, shopping, reading, learning about different cultures and religions are some of the other things I like doing in my free time. Anyways, enough of me, I would love to hear and learn all about each one of you throughout this year. Like I said I am always here to answer anything, so do not ever be scared to ask and be sure to follow me on Instagram to learn more about me @lenasert.

I know that starting a new school year, whether it is your first year here at the University of Washington Bothell or not, can be stressful and come with lots of worries, I promise you that this year is going to be wonderful and that you will have plenty of fun and people that can help you. Some words of advice: do not freak out, everything will always turn out perfect and don’t forget to wear your smile everyday =).

I am definitely very excited to meet each one of you all on move in day.

Your RA,
Olena Sert
