PEER FACILITATION
-REQUEST FOR ENTRY CODE-

The Peer Facilitation course provides students with direct experience in teaching and facilitation. Students gain in-depth background on subject material along with training in teaching techniques and facilitation approaches. Peer facilitators WILL NOT grade.

Peer Facilitation does not exist as an alternative to the curriculum, but rather serves as a privileged supplement to the curriculum. Peer Facilitation is offered under the following course number:

**BISSKL 402 (2-5 credits)**

Students may complete up to 10 credits total under this course number. Students earn Credit/No Credit (C/NC) for being Peer Facilitators. Note that BISSKL 402 is not available in summer quarter. The course is Variable Credit to accommodate the diverse ways in which faculty members work with students in this context.

Peer Facilitation requires the consent of the instructor and must comply with the following standards:

- The student must demonstrate adequate preparation, as evidenced by grades and/or previous course work in the area of proposed Peer Facilitation.
- Prior to registration, faculty must approve the student as their Peer Facilitator. The student is responsible for listing the following duties expected of them in their role as Peer Facilitator:
