*Remember that the contingency process is for new ideas/initiatives only, all other requests must be made during the Annual Cycle.
This proposal is centered around the tragic death of Michael Brown, and the ensuing aftermath surrounding Ferguson, Missouri. We intend for this event to be structured in a town-hall style format to encourage the UWB community to engage in dialogue surrounding, but not limited to recognizing current systems of inequality, and how we can induce the healing process, and essentially push forward with a plan of action. We recognize and honor that those three phases of the event could unfold in many different facets, and for that reason we intend to bring in nationally acclaimed scholar Kevin Powell to facilitate this program.

Kevin Powell as an activist and the president and co-founder of BK Nation, (a new national progressive and multicultural organization) focused on matters like education, civic engagement and leadership training, health and wellness, social media, arts and culture, and job and small business creation. We focused on pursing Kevin for multiple reasons, first of which is his engagement and involvement with the protests following the death of Michael Brown. In collaboration with his powerful facilitation and delivery skills, we find that a person of Kevin Powell's caliber is the objective perspective we need to build some form of solidarity within our own campus community around these types of systematic injustices.

We also chose this medium of presentation for two primary reasons. First of which is from surveying the climate of students on campus, they want to participate in programs and events that are engaging on multiple levels. We found that one strength Kevin possesses is the ability to utilize the medium of Hip-hop and popular culture to convey his messages, a medium that we believe will engage a wider community of students, staff, faculty, and administration. Secondly, we intend for this this town-hall style format to allow a neutral platform where everyone has an opportunity to express their point of view, and more importantly have it heard and acknowledged.

We honor that everyone attending this event may be entering this space with different experiences and knowledge of the events surrounding the current social state of Ferguson, and we intend to supply some general background and insight. We want to ensure that this event is a safe-space for people to respectfully engage in open-minded and genuine dialogue, and attempt to create solidarity where & when needed.

We intend to hold this event in Mobius Hall on February the 12th, 2015, at 6:00pm. I have already contacted Becky Riopel at Cascadia College to reserve the space for that date. I have also connected with Leslie Ashbaugh in regards to getting support from the CUSP program. As a member of the university's Diversity Council, I also intend on getting support from my fellow members in whatever capacity that may look like. I have been working closely with lecturer Georgia M. Roberts of the IAS program to help coordinate this event as a contact point for Kevin Powell.

We are excited for this opportunity to bring awareness to current social systemic inequalities across our campus, and throughout the nation. We take pride in providing engaging programs that offer a safe-space for community driven dialogue. We hope this event sparks a starting point to continue efforts in building solidarity throughout our campus.

Required Need for this Program/Service
In 200 words or less, please do the following:
--Describe the need for this program or service.
--If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative).

Due to the current events involving the death of Michael Brown, the need for a program regarding the current state of Ferguson systems of inequality is essential. We have held other campus events involving the productive exchange of dialogue around these complex and challenging issues, and students, staff, and faculty have all expressed interest in continuing these platforms of dialogue throughout the entire institution.

Estimate number of students that will benefit from your proposed program/service
In 200 words or less, please do the following:
--Indicate what the benefits of your proposed program for students will be.
--Estimate how many currently enrolled students will likely benefit from your proposed service or program.
--Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.

We intend to pack the house at Mobius Hall, we have already proactively marketed the idea of this event via word of mouth, and have already had a great response in our efforts. The program is structured to continue dialogue around systems of inequality primarily in regards to Ferguson, MI and the militarization of the city police force. We are encouraging lecturers and faculty from all departments to attend the event, and encourage their students to as well. We are confident in both the content and presentation of this event, and look forward to surpassing our estimated attendance.
