2013-2014 SAF Contingency Proposal Form

Proposals are due by 5:00pm on Wednesday November 13th, 2013

The intent of the contingency award is to fund student-initiated activities, events, projects, and services that were not proposed during the annual budgeting cycle. Contingency requests should represent new ideas for building and sustaining community on campus. As such, these requests are to be generated by student groups, committees, and boards. Other entities of the campus community are invited to submit requests during the annual budgeting cycle.

A contingency fund shall be established by the Committee as part of its annual budget and should represent approximately 5% of the projected fee revenue. The purpose of this money is to fund proposals throughout the following fiscal year. The Chancellor or his or her designate shall review and approve all such recommendations from the Committee.

All requests must be in accordance with the Services & Activities Fee Bylaws. The SAF Bylaws appear here: http://www.uwb.edu/studentlife/safc/safbylaws

Hearings will occur on Friday, November 22nd, 2013 from 8:00am-12:00pm. Someone from your group must be available during that time frame to attend a brief hearing.

The SAF Liaison will be in contact with you by Friday, December 6th to schedule your hearing date. If the Committee has any questions regarding your proposal, the SAF Liaison will directly contact you via email or phone.

Contact James Anderson, 2013-2014 SAF Chair, with any questions or comments at SAFuwb@gmail.com.

Green Dot is a long term program that we want to implement on the UW Bothell campus. Green Dot is an organization built on the premise that we can measurably and systematically reduce violence within any given community. We believe current research across disciplines, in combination with lessons learned from history, provides nearly all of the necessary puzzle pieces to create a successful model of violence prevention. Given this foundation of knowledge, we believe any group, committed to equipping themselves with the necessary skills and willing to let go of historically ineffective approaches, has the capacity to implement a successful violence prevention strategy. Though the primary mission of Green Dot, etc. is the reduction of power-based personal violence, we also recognize the inextricable link between effective prevention and effective intervention. As such, Green Dot, etc. includes, within its mission, the strengthening of intervention services and strategies across forms of violence. With the ultimate goal of preparing organizations/communities to implement a strategy of violence prevention that consistently, measurably reduces power-based personal violence (including sexual violence, domestic violence, dating violence, stalking, child abuse, elder abuse and bullying), Green Dot, etc. works toward two primary objectives.

(1) Content Development. Informed by the latest research from across disciplines, as well as research conducted on our own content, we develop programs, strategies, curricula and training courses designed to address power-based personal violence across settings. In recognition of the great diversity of contexts, all of our materials are designed to serve as detailed templates – providing structured content combined with components that require culture-specific adaptation to most effectively reach the target population.

(2) Training. Regardless of content, the success of a prevention program depends heavily on the skill and competence of those implementing. Green Dot, etc. provides training courses for both leadership and front-line professionals that focus on core competency areas necessary for successful implementation of any program, such as: strategic planning, bystander mobilization, persuasive communication, coalition building, etc.

[Required] Need for this Program/Service
In 200 words or less, please do the following:
--Describe the need for this program or service.
--If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative).

Our campus community is small and has low crime statistics according to campus security's reports. A couple years ago we had one incidence with violence in the form of derogatory remarks in the form of vandalism. In this incidence we had to respond to the situation after the fact. The whole point of implementing Green Dot on our campus is to promote prevention. We want to teach students that violence of any kind is not welcome on our campus. The idea is to prevent violence before it happens rather than addressing the issue once it has already happened. The UW Bothell campus is growing larger every year, and if we want to keep the campus community safe and low of criminal incidents, this is one way that we can begin to mold the campus culture in a positive way. In addition our campus does not have a program or office that is in charge of sexual violence or harassment, which we still need regardless. However if we can implement this program we will at least have a program in place that advocates for violence prevention, and hopefully begin to mold the campus culture letting them know violence is not tolerated.

[Required] Estimate number of students that will benefit from your proposed program/service
In 200 words or less, please do the following:
--Estimate how many currently enrolled students will likely benefit from your proposed service or program.
--Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.

Our goal is to raise awareness and change the culture of our entire campus. Therefore over time, we feel that our entire campus community will benefit from the Green Dot program. The benefits of this program would be that we would create a campus culture where students believe and take a stand against any type of violence. This includes vandalism, sexual violence, harassment, and bullying. The entire campus population would benefit, including staff, students, and faculty. If the program is launched in the Spring quarter of this year we may be able to reach a good number of students, around 200, the staff involved in the training would also be impacted.

Additional Information
If needed, please include any other information you feel is relevant to your request. (There is no character limit on this field.)

Student quote when asked about Green Dot: "I think Green Dot is important to have on campus so that students know what to do if they observe a situation where violence is occurring". -Yara Khalaf.

Salary/Wages  N/A

Describe the funds you are requesting in detail below. Please put total dollar amount of salary/wages in the bottom of this box.

Benefits  N/A

Describe the funds you are requesting in detail below.

Benefits paid to regular employees working at least .50 FTE should be calculated at 34.0% of earnings. Benefits paid to hourly employees should be calculated at 16.5% of earnings.

Please put total dollar amount of benefits in the bottom of this box.

Programming/Events
Describe the funds you are requesting in detail below. Please put total dollar amount of programming/events in the bottom of this box.
We need money in order to facilitate workshops for training students with the Green Dot program as well as purchasing gear to promote the program. The idea is that we would implement trainings every quarter (Fall, Winter, Spring) for students to participate in, therefore it is a long-term program. We hope to launch the program in the Spring of this year, but want it to continue every quarter, for every year in the future. The funds we need now are to get the program started and provide promotional gear to get the word out.

- Promotional gear $1,015
- Workbooks $2 per, purchase 100 = $200
- Posters $0.65 per poster, purchase 100 posters = $65
- Pens $0.65 per pen, 100 = $65
- Key chains $1.50 each, 100 = $150
- Water bottles $7.50 each, 80 = $600

Total amount requested: $2,000
