<td>The Campus Events Board is constantly assessing the success and quality of their programs. One of their priorities is to serve all students. As we put events together, we take into consideration what the culture of the campus is who we are serving. We use surveys and student feedback through HuskySync and personal face to face methods for events suggestions and improvements. Another way we reach students is by keeping an open door policy in our office. Students can stop by and ask questions or provide feedback to any of the CEB members.</td>

The Campus Events Board (CEB) is a group designed to enhance the social, cultural, and educational opportunities for the UW Bothell community through providing diverse entertainment and programs. The board strives to promote the 21st Century Campus Initiatives of the University by supporting the core areas of Growth, Resourcefulness, Diversity, Student-centered, Community, Innovation and Sustainability.

Campus Events Board plans events for the entire student body and is the only organization on campus that plans events that strive to reach out to every student. So far this year CEB has reached over 1000 students through the numerous events that have taken place from the beginning of Autumn quarter. CEB has used the funds provided thus far to plan a wide range of events including Coffeehouses, Homecoming Week and the Turkey Bowl.

**How do you plan to assess the program or service?**
How do you plan to track the effects of this program or service? How would you track how the event/program/service went? How would you track how successful it was and what you could change in the future?

We also take into account attendance at events as a measure of success. Each event is then talked about at between CEB members at the weekly CEB meeting. We discuss how the event went and how things that could be improved.
participants are likely to gain by attending or participating in this program or service. The Campus Events Board is the only student led group on campus which is designated with programming for the entire campus community. This element is critical because these students strive to serve the entire student population by varying their programs subject-matter for the benefit of all.

Students who attend the events planned by CEB are able to learn something at all events that are planned, from learning about different cultures at the welcome celebrations to learning about basic sign language at a sign language awareness event.
