

Final Exam Policy for the School of STEM

The School of STEM recognizes the challenges students face during finals week with balancing preparing for and taking final exams in multiple courses. In order to better support students, the School has adopted an extended final exam schedule. Please use the schedules below to determine when final exams for STEM courses will occur during finals week. If a student finds that they are scheduled for more than two finals on the same day, then we recommend that they contact their advisor and/or faculty teaching those courses during the first three weeks of the term to discuss rescheduling possibilities.
