SKILLS

Research and Field Techniques: Analysis, synthesis of research data, water quality measurements, hydrogeology, surface water and vadose-zone hydrology, and site evaluations

Software: Graphic Information Systems (GIS), STATA, Kentico and WordPress

EDUCATION

Bachelor of Science in Environmental Science, University of Washington Bothell Expected, June 2020

- Cumulative GPA 3.75
- Awarded CUSP scholarship for winter and spring 2015
- Alternative Spring Break - Habitat for Humanity, Oakland, CA, Spring 2015

Honors Rome: Staging the City, Rome, Italy Summer 2018

- Participated in a 4 week study abroad program with 9 students while learning about the Italian language, adapting to unfamiliar situations, navigating the city without a map, and taking an honors level course rooted in Roman history
- Developed a broad understanding of history dating back to classical Rome to the Mussolini era through touring sites
- Explored Italian culture by interacting with locals and embarking on solo weekend trips to different cities
- Refined problem solving skills in uncomfortable situations from overcoming challenges during travels

RELEVANT EXPERIENCE

Undergraduate Research Assistant, UW Bothell, Dr. Science Lab 2016 – Present

- Conduct experiments on genetic and environmental impacts on both native and invasive wetland species in campus wetlands; interpreted biological, chemical and geologic data, to determine the different human impacts on ecosystem
- Perform field and lab research using multiple sampling methods including dip net measured sweep and artificial substrate to collect data on biota, air, soil and water
- Presented research findings to peers and experts in the field at 2016 Washington Environmental Conference in poster and roundtable sessions

Editor-in-Chief, Husky Herald 2015 – Present

- Manage team of 5 student board members; created organizational structure, in order to determine the most effective and efficient methods of operation
- Collaborate with IT Department and Office of Student Life to acquire resources for a high quality newspaper, securing a final operating budget of over \$30,000 for the 2014-2015 academic year
- Lead initiative on environmental reporting series, collaborating with faculty, research facilities, local, state, and national environmental agencies
- Recruit writers, photographers, and contributors through various marketing techniques including in-class presentations, posters, and word of mouth
- Recognized by Associated Collegiate Press as 1 of 3 finalists in national journalism competition 2014

ADDITIONAL EXPERIENCE

Orientation Leader Coordinator, UW Bothell Office of Student Life 2014 – Present

- Recruit qualified applicants for Orientation Leader position through a heavy multiple media advertising campaign including social media and poster design, resulting in a record number of applications and competitive applicant pool
- Hired 11 Orientation Leaders from a group of 35 applicants through a 3-step application process, trained them on interpersonal, communication, and structural aspects of the position
- Compiled information from departments, photographs, and quotes to produce UW Bothell's first student planner to provide incoming students with organizational tools
- Plan logistics for 20+ large-scale new student orientation sessions, collaborate with caterers, musical bands, UW Bothell IT office, UW Bothell Facilities Services, and other on-campus student groups

Committee Member, Building Design User Group Fall 2013 – Spring 2014

- Participated in multiple "space" planning meetings for the design and programming of a new building
- Voiced student opinions on spatial needs to architects, Lab Planners, and UWB faculty and staff
