EVA CHERRY, President and CEO, Silicon Mechanics

“I am able to further develop innovative, equity focused systems that will continue to transform learning communities ranging from K-12 through higher education.”

FREDRIKA SMITH, BA’94, UW Bothell Distinguished Alumna of the Year 2016, Superintendent, Monroe Public Schools

“Today, there’s nothing I learned at UW Bothell I don’t apply in my work every day. I would not be where I am if I hadn’t gone to UW Bothell.”

JUNE ALTARAS, BSN ’98, MN ’07, System Chief Executive, Acute Care Operations and Swedish Seattle Chief Executive Officer

“The UW Bothell campus is like a gold mine. The student population is very diverse and has a lot of work experience to complement their education. The smaller, more intimate environment at UW Bothell allows us to really concentrate our recruiting efforts and better connect with students.”

“I would not be in the job I have today without UW Bothell – not just because I needed the master’s degree but because I never would have developed such an understanding of public policy without it.”
