Student Center:

There will be an informational meeting held tomorrow, November 17, 2008 about the development for a student center.

We need to look at the interest in a student center. If there is interest, we need to look at long term funding. ASUWB discussed the possibilities of funding this.

ASUWB agrees that planning SAC should move forward.

Stocking Stations: Amira is going to be filling in for Xheni.

Husky Huddle/Town Hall: We will be having the same format as the last Town Hall.

Playing Field: Students wouldn't have to pay for the estimate. ASUWB is willing to sponsor the playing field, as long as we don't have to pay for the estimate.

Jen Updates:

We are allowed to chalk from the parking garage to the crosswalk (before), and only the uncovered portion. Jen and George are looking at bringing some inspirational leadership speaker to re-energize both student governments. Lastly, there are Mary Gates scholarship available for leadership.
