UW Project Delivery Group:
Harry Fuller, Project Manager
hfuller1@uw.edu
(206) 221 7448

Construction Activities
The project team is still working on hauling the excavated soil to the existing on-site pond which will be used for filling the pond. Cement treating of earthwork at the on-site pond is on hold and pending city approval. Utility work continues as the team works on water utility service installation. Additional activities include installation of the water filtration system, which has been pushed to Monday, November 15th, fabricating concrete foundation formwork, and sewer structure deliveries on Tuesday, November 16th and Wednesday, November 17th.

Site Closures
The project site was closed on Thursday, November 11th in observance of Veteran’s Day.

This Community Bulletin is intended to serve as an update for upcoming work related to the UWB Student Housing project, as well as a means of notifying our campus community of any significant events that may impact the sidewalks and streets surrounding the project.

If you have any questions about the upcoming work on the UW Bothell campus regarding the New Residential Village Student Housing Redevelopment project, please feel free to contact us and we would be glad to provide any additional information.
