This Community Bulletin is intended to serve as an update for upcoming work related to the UWB Student Housing project, as well as a means of notifying our campus community of any significant events that may impact the sidewalks and streets surrounding the project.

Construction Activities

The project team is moving along with Building A structure work which includes the following: pouring concrete on June 10th and stressing PT cables on June 13th. Structural Steel work for Building D is starting on June 9th and will continue through the remainder of June. Wood Framing started on building A East. CLT will be starting on building C next week. Apart from structural work, mechanical, electrical, plumbing, and fire protection layout and install will be ongoing for both buildings over the coming weeks.

Upcoming Shutdowns

There will be no shutdowns this week.

If you have any questions about the upcoming work on the UW Bothell campus regarding the New Residential Village Student Housing Redevelopment project, please feel free to contact us and we would be glad to provide any additional information.
