The 2022 Academic Year Annual Report of the Space Utilization and Provision Resource Group (SUPER-G) has been prepared for the University of Washington Bothell Chancellor and the Vice Chancellor of Planning & Administration. The report provides a summary of the evaluations on space utilization, space requests and proposals along with their source of origination and current status.
A. Executive Summary

Space Utilization and Provision Resource Group (SUPER-G) is charged with strategically evaluating space requests and proposals to align institutional expectations about space utilization, space-related projects and their funding. The Chancellor considers these evaluations to make decisions about changes of space use. SUPER-G includes a diverse representation of students, faculty and staff and is chaired by Physical Planning & Space Management. SUPER-G critically examines space requests to continue aligning decisions with the Campus Master Plan Update and the UW Bothell Strategic Plan to help build the campus into the future.

In the seventh year of the SUPER-G, the focus was forthcoming campus space assignments following the new shared STEM4 academic building facilitating the backfill of vacated spaces. In addition, forthcoming office leases with the Husky Village redevelopment will be considered to offset the anticipated reduction of existing leases within Beardslee Crossing. Other considerations on space use are pending changes in instruction evolving from the pandemic’s influences on faculty, staff, and students. No specific project requests were developed or recommended this academic year.

This Report summarizes (1) space provisions that were reviewed within the 2022 academic year, (2) where the endeavors originated from, (3) the review period, and (4) the status of each effort. The table below outlines SUPER-G’s primary efforts.

Dear Colleagues,

Thank you for agreeing to serve on the UW Bothell Space Utilization and Provision Group (SUPER-G) for 2021-2022. SUPER-G will be chaired by David Moehring, Senior Capital Planner with UW Bothell Physical Planning and Space Management.

SUPER-G is charged with strategically evaluating space requests and proposals to align institutional expectations about space utilization, space-related projects and funding. You will advise the campus, the Vice Chancellors and the Chancellor. Final decisions regarding space use will remain with the Chancellor. Your service is important as we look to critically examine space requests in the coming year, to continue aligning space decisions with the Campus Master Plan Update and Strategic Plan, and help build the campus into the future.

Thank you once more for serving UW Bothell in this manner.

Sincerely,

Kristen G. Esterberg, Ph.D.
Chancellor and Professor of Sociology

E. Work in-Progress – Consultant Space Assessment and Optimization

SUPER-G was introduced to the work of a planning consultant, MKThink:

- The Stakeholder engagement plan consists of several phases:

<table>
<thead>
<tr>
<th>Project Phase</th>
<th>Brief Description</th>
<th>Period</th>
<th>Status</th>
</tr>
</thead>
<tbody>
<tr>
<td>01 Discovery</td>
<td>Confirming or Refining the master plan guiding principles with Bothell leadership to balance near, medium, and long term objectives with resource availability and other priorities.</td>
<td>Feb – March 2022</td>
<td>Complete</td>
</tr>
<tr>
<td>02 Assessment</td>
<td>Identifying both existing and required spaces on campus, establish the size and relationships of these spaces utilizing appropriate planning parameters and projections based on full-time equivalent (FTE) student, faculty, and staff requirements. Predicting pandemic-impacted trends and future space requirements.</td>
<td>April – May 2022</td>
<td>Refining</td>
</tr>
<tr>
<td>03a Strategies</td>
<td>Completing a campus space assessment and develop a campus space optimization strategy that provides a “roadmap” for UWB to efficiently and effectively locate academic, administrative, and student support activities to best support the academic mission, ensuring equity and equality for faculty, staff, students and visitors</td>
<td>June 2022</td>
<td>In-Progress</td>
</tr>
<tr>
<td>03b Planning</td>
<td>Exploring scenarios of short-, mid-, and long-term planning efforts specific to those areas that align with the Campus Master Plan and provide a more explicit plan and approach for specific areas where value has been identified. The plan will include academic, administrative, library and student support goals for repurposing and/or redeveloping existing spaces to improve utilization.</td>
<td>July 2022</td>
<td>Forthcoming</td>
</tr>
<tr>
<td>Conceptualization</td>
<td>Create preliminary concepts for physical projects, policy changes, and technology programs that align with overall guiding principles established at start of project.</td>
<td>Summer 2022</td>
<td>Pending</td>

(A2). SUPER-G Looking Ahead to Academic Year 2023

Possible objectives of SUPER-G in the forthcoming year might consider the following:

- Update charge letter with SUPER-G appointees from the Chancellor.
- SUPER-G recommended to review strategies and concepts developed from the integrated planning effort through the UW Bothell Space Assessment and Optimization Steering Committee.
- From the above, Overview and Visioning with the Chancellor Kristin Esterberg.
- From the above, revisit the prior recommendation for the Chancellor and VCAA relocation to UW1 or UW2 suite, including consideration for other Vice Chancellors currently located within lease space at Beardslee Crossing BXC.
- Short and long-term use of Book Store space – joint space decision with Cascadia College: [Space Assessment & Optimization consultant report](https://www.uwbothell-space.info/) will inform long term uses with a planning framework.
- From the above, revisits the 2020-2021 SUPER-G recommendations planning the locations of Student Services Clusters along the Promenade (2020-2021 map above).
- Consider requests to consolidate Husky Pantry with Cascadia College.
- Vacating other lease spaces at Beardslee Crossing BXA (early lease termination 12/1/2022).
- Reassignment of spaces that may be vacated with the completion of the STEM Phase 4 facility in 2023, including transitioning lease space from Beardslee Building.
