 - Revision informed by several years and multiple levels of assessment into Discovery Core
 - Looked at portfolios, polls, etc. Feedback gathered is that a 3-quarter series of Discovery Core is not working for students coming in with high credit loads.

- Initial vision of Discovery Core was not translating well in 3-quarter course and included much overlap with other courses
- Last Fall AOC voted to make Discovery Core a 1-quarter course, required for all 1st year students. Data suggests students who take DC much more successful

 - Library would like to get this in front of CCAL for review at some point in future
