Update on CEL Course Designation Process

Kara Adams, Director, Community Engagement

Adams provided update on Tri-campus and UW Bothell conversations around CEL course designation and asked council to provide feedback as to what role CCASC should play in CEL course designation approval process. General consensus: having all approvals go through CCASC would be cumbersome, keeping it at school level may make more sense. Concern: not all schools have processes/systems in place for that work. Suggestion: schools do approvals, CCASC does annual review of CEL-designated courses. Further conversation needed. Adams will return to CCASC to gather more feedback as processes at Tri Campus and UWB progress.
