Chair stressed importance of all CCASC reps upholding their obligation as elected members (both for their schools and for CCASC) and asked that members bring their concerns or questions regarding the functions or decisions of CCASC directly to the Chair. A discussion followed in which a council member expressed that reps having more guidance as to the authority of CCASC and having clearer guidelines around the curriculum process at UWB would instill more confidence and trust in the processes of the council. It was agreed that further discussion was needed.
