### **Curriculum Reviewed:**

- **B BUS 310**

**CCASC Decision: APPROVED**
  
- **ELC BUS 310**  
**Managerial Economics**  
**CCASC Recommendation:** Same as B BUS 310 above  
**CCASC Decision: APPROVED**
  
- **B BUS 468**  
**Advanced Topics in Accounting and Accounting Data Analytics**  
**CCASC Recommendation:** In description, suggest creating a more general description of the course rather than multiple parts and being too specific for topics that later may not be relevant. In Justification, 1<sup>st</sup> and 3<sup>rd</sup> sentence seem redundant. In Learning Outcomes, suggest rephrasing verb to “analyze” or “distinguish”, etc.” Course schedule abbreviated title should include “topics”. Modify syllabus language about attendance. On page 3 of syllabus, instead of “graduate credit” just say “credit”. Need to include some delineation in respect to 400 vs 500 level coursework expectations for students.  
**CCASC Decision: BACK TO SCHOOL FOR CHANGES – RETURN TO CCASC CHAIR**
  
- **B ACCT 568**  
**Advanced Topics in Accounting and Accounting Data Analytics**  
**CCASC Recommendation:** Same as B BUS 468 above  
**CCASC Decision: BACK TO SCHOOL FOR CHANGES – RETURN TO CCASC CHAIR**
