FREQUENTLY ASKED QUESTIONS: HOUSING AT UW BOTHELL

Additional FAQ's can be found at <http://www.uwb.edu/housing/faq>. Want to know what to bring? Find the checklist here:

QUESTION: When may I move in for the 2021-22 year?

ANSWER: Move In Day 2021 will occur on Monday, September 27 by appointment only. Students will be asked to sign-up for an appointment time between the hours of 9:00 am-2:00 pm. More information regarding appointments will be sent out early September along with the required Pre-Move In Checklist. You may also check the Move In website for the latest updates: <https://www.uwb.edu/housing/movein>

QUESTION: When will my assigned move in time be?

ANSWER: You will receive an email with the sign-up link in early September. This time will be the 10-minute window for you to check in at Husky Hall to pick up your key and information packets. After that you will have 30 minutes to move in your items to your unit before we will need any cars you are using moved to make room for the next people moving in. Please email tollmj@uw.edu if you are unable to find an available time that works with your schedule.

QUESTION: What if I cannot move in at my designated time?

ANSWER: Please reach out to Residential Life via email as soon as possible requesting the change. We have limited rescheduling options but will work with you to find a solution. You can email Residential Life and HVCC (Husky Village Community Center) directly at uwbhvcc@uw.edu or email the Student Housing at uwbhousing@uw.edu.

QUESTION: Where can I ship personal belongings prior to arrival?

ANSWER: UW Bothell cannot accept early shipments of your personal belongings.

QUESTION: Is additional storage space available?

ANSWER: No additional storage is available on campus outside of your unit. Empty boxes, suitcases, etc. will need to be taken home/recycled, or placed in your room.

QUESTION: Are there any vehicle limitations for move-in?

ANSWER: Yes. In order to keep the parking lot available for unloading, residents are asked to limit the number of vehicles into the student housing apartment's parking lot at a time.

Vehicles in the parking lot need to promptly unload and then move their vehicle. Vehicles over 14 feet in length will not be permitted in the parking lot EXCEPT SUVs, pick-up trucks, or standard vans/minivans.

QUESTION: What size linens and bedding will fit my bed?

ANSWER: Residence hall mattresses are 8" thick by 36" wide by 80" long -- that's "extra-long" -- regular twin size sheets will not fit. You may purchase extra-long twin sheets at your regular shopping center.

QUESTION: What about cable TV and Internet?

ANSWER: Each apartment will include Comcast Expanded Basic Cable service and a modem/wireless router combo which is provided for each apartment.

QUESTION: Should I bring my bicycle?

ANSWER: YES! Bothell is a big place and having a bicycle makes it a lot easier to get around-- not to mention it's better for the environment than a car! There are free bicycle storage areas available throughout campus and many bike paths around the area. Make sure to bring a U-lock and register your bike with UWPD:

QUESTION: Can I have furniture removed or added to my room?

ANSWER: All furniture in your unit must stay. You may add additional personal furniture to your apartment if desired, but it must be removed when you move out.
