What We Do: We’ll work with you on any and all stages of the learning process for most quantitative classes offered at UW Bothell. We don’t talk about grades, we don’t tell you the answer, but we’ll help you build your skills and confidence as learners.

We tutor: Math, Physics, Chemistry, Biology, Mechanical Engineering, Electrical Engineering, CSS, Business, Statistics, and several math/data/stats programs

In our center, you can:

- Access DROP-IN tutoring services both in-person and online
- Check out calculators for 24 hours (open at 8:30 M-Th for 8:45am exams)
- Use textbooks/reference materials and computer software
- Self-create study groups
- Some professors host office hours here
- We also hire students to work for us!

Visit our website at https://www.uwb.edu/qsc
Sports coaches push their athletes to achieve their goals; academic coaches support students by identifying and navigating challenges in their academic journey.

This includes:
- personalized 1:1 coaching sessions
- Study skills workshops
- Online academic resources
- Available for students regardless of GPA
- Available for students of all backgrounds, years, and majors

Academic Topics:
- Communicating with professors
- Time management
- Goal setting and motivation
- Learning strategies
- Note-taking & Test-taking
- AND MORE!
