Hello Club Officers!

My name is Phuong Vu, and I am the Treasurer for Club Council 2022-2023. Club Council is excited to support all the clubs on campus and cannot wait to see the events and programs you are planning. Although we are currently operating during unprecedented times, we are here to support your club. This funding model is finalized based on the current public health guidance and subject to change if WA state and institution enters into more advanced phases. If you have any questions in regards to the Club Council Funding Model 2022-2023, feel free to contact us at uwbclubs@uw.edu.

Total: $93,000

Services and Activities Fee (SAF) Allocation for 2022-2023
  Club Spending - $88,000
  UWV Alumni Association Award to UWB for 2022-2023
    Alumni & Graduate Club Spending - $5,000

For more information about the history of Club Council SAF allocation please visit: https://www.uwb.edu/studentaffairs/safc/safproposals

\section*{Development of Funding Model:}
Club Council 2021-2022 recommended this funding model based on:
- Student feedback in our survey and in meetings
- Data from previous years
- Experience working with clubs and seeing their needs in relation to the positive UW Bothell student experience
- In 2018-2019 Club Council participated in a LEAN process workshop which resulted in recommendations to implement in the 2019-2020 academic year
- Consideration for conditions in a remote and hybrid learning environment
- Current public health guidance as well as state and university guidelines regarding university operations and in-person gatherings
- Upon Club Council approval, funds from one category can be moved to another if needed
- To account for the ~10\% decrease in budget, Club Council (2021-22) has decided to reduce funding for the following categories: Programming (to 40k) and Apparel (to 6k) based on the past three years' use of the budget.

Club Council 2022-2023 adjusted the recommendations from last year’s team and made amendments based on:
- An anticipated increase in demand for funding for events and promotional items in the fall quarter
• Updates from the alumni association regarding their funding philosophy and how alumni association funds were awarded in the previous year
• UW Bothell and Student Engagement & Activities policy changes

**Additional Information:**

*All Funding Request Submissions:*

- We are in unusual times with unprecedented opportunities and challenges. Club Council wants to partner with clubs to envision how we can best support your goals in a sometimes in-person and sometimes remote environment. This is why clubs are required to meet with their Club Council Point of Contact and the designated SEA event advisor prior to the funding request submission deadline. We hope that this will minimize any unforeseen challenges we may face.

**Virtual or On-Campus General Programming:**

- Clubs must meet with Club Council Point of Contact and designated SEA event advisor before determining the date of event to ensure that all learning obstacles can be reviewed and timelines adjusted to support a successful program. This is also to ensure successful planning and coordination of timelines to review event details and receive event planning and funding submission advice.
- Club Council will only fund virtual events, or on-campus events subject to current public health guidance as well as state and university guidelines regarding university operations and in-person gatherings.
  - Event programming cap per funding request is $2,000 for one club
  - Collaborative events increase from $2,000 (one club) to $4,000 (two clubs) with a cap of $5,000 (three or more clubs)
    - Club president must confirm, via email, Zoom, or in person, their intended collaboration with their Club Council Point of Contact prior to the funding request submission
  - In order to ensure that all payments, purchases, and supply shipments required for the event can be completed within the timelines provided by the university, the following are required for a funding request to be considered complete for review:
    - Quotes for any necessary invoices (i.e. supplies, food, decorations, etc.) or contracts for speakers, musical acts, etc.
  - Clubs must fill out an event assessment form (found in Presence) no later than 1 academic week after the event for Club Council's review. The assessment form supports Club Council in determining the success of the event itself and the impact it has had on UWB students.
  - Each club is limited to 2 events capped at $2,000 per event (including collaborations), funded on-campus or virtual events per quarter.
**Uncapped Virtual or On-Campus Event Funding Request:**
- Clubs will have an opportunity to receive funding for one uncapped event for the academic year
- To ensure a successful event, Club Council requires a meeting with a SEA Event Adviser and their Club Council point-of-contact 12 academic weeks before the event
  - Funding request must be submitted 10 academic weeks before the event
  - Funding request will require a 10 minute presentation with a 5 minute Q&A with Club Council

**Food:**
- The process of requesting food for on-campus events starts with identifying the need for food to be present at the event. A club must be able to explain why food is integral to the success of the event.
- Clubs will need to have an approved Food Form from UWB Fiscal & Audit Services to be able to have any type of food at an event. The assigned Club Council point of contact can assist the club officer with this process.
- Food permits - if a club will be having perishable food, club officers will need one, if not both, of these food permits. Please reach out to the assigned Club Council point of contact if the club officer is looking to have perishable food at a club event.
  - Temporary food service permit: This type of permit will be needed if a club is having perishable and/or catered food.
  - Food handlers permit (WA food worker’s card): Club officers will need this permit if they will be directly handling food.
- There are two types of food related funding requests that the Club Council offers: catering and light refreshments (commercially pre-packaged foods and non-perishable items).
  - Catering (perishable, serviced from vendors, etc.)
    - To obtain catered food, a club officer must meet with their Club Council Point of Contact to fill out a food form as well as a funding request at least 7 weeks prior to the start of their event.
    - *Potential Exceptions:* Perishable food that can be bought and consumed on the day of the event might be eligible to follow a 5 week funding timeline. The exact timeline for perishable food may be dependent on anticipated attendance and event complexity, so it's important to meet with the assigned Club Council point of contact to discuss early on.
  - Light Refreshments (commercially pre-packaged foods and non-perishable items)
To get light refreshments, a club officer must meet with their Club Council point of contact to submit a funding request at least 5 weeks prior to the start of their event.

- Club Council Per Diem Limits:
  - Breakfast: $13.50
  - Lunch: $16.50
  - Dinner: $20.00
  - Light Refreshments: $5.00

**Promotional Items:**
- Clubs will need to include all the invoices or quote from UWB approved vendors in the submitted funding request
- Cannot be sold for profit
- Clubs will need to provide a detailed distribution plan to ensure that current health and safety guidelines can be followed. It should include:
  - Clubs have to follow the current health and safety guidelines
- Predominantly for UWB Students and Non-Members of the club
- Cannot be funded if they do not include the club name or logo and contact information
- Cannot be funded for a specific event
- Design must adhere to [UW Trademark & Licensing](#) policies.

**Apparel:**
- Clubs will need to include all the invoices or quote from UWB approved vendors in the submitted funding request
- Cannot be sold for profit and must be a singular design
- Only available to be purchased after fall quarter
- Apparel items have to be available to all club members and only approved members on Presence can receive the apparel
- The apparel design must first be approved by Club Council and adhere to [UW Trademark & Licensing](#) policies.
- Clubs can request apparel funding at $30 per unit, per person.
  - Includes tax, shipping, fees and any other related expenses.

**After Funding Awarded:**
- For Apparel funding requests, clubs have 10 academic days to complete all the Apparel requirements. After the 10 academic days, the 5 days to schedule a meeting with the assigned SEA adviser starts.
  - Send the excel sheet of members requesting apparel to the Cashier’s Office
  - Update any invoices if needed
- Club representative(s) are required to schedule a meeting with their assigned SEA Club Adviser within 5 days after the approval of their funding.
○ No money can be spent until the meeting takes place.
○ These meetings are necessary for buying supplies and processing invoices.
○ The meeting(s) date & time depends on the date and the amount of funding approved.
○ If club representative(s) miss the meeting, previously approved funds by Club Council will be released back to the general fund to be reallocated.
○ One club officer that has access to the club’s finance section on Presence must attend the meeting.
○ To retain funding from club councils, clubs may be required to have recurring meetings with their SEA Club Adviser based on the complexity of their club event or request.

Definitions:

*Club Council Point of Contact:* Each club will be assigned a Club Council member that will be their main Point of Contact for the year and will be able to effectively support the club with navigating campus policies, event planning, funding requests, or any additional inquiries.

*Virtual or On-Campus Programming:* This portion includes speaker fees, entertainment, supplies, decorations, and food integral to the event per UWB Fiscal and Audit Services policy and other necessary expenses for club programs. Club Council will only fund supplies or items that will be used up during the event (ex.: canvas for a painting night that is then used and artist will keep) and not items that will require any form of storage (ex.: paint brush kit set). This funding is crucial to providing accessible opportunities for students to engage with others, build community, and learn outside of the classroom.

*Operations:* This category includes Club Council organized programs such as: Activity Fairs and Club Recognition Banquet, training expenses, club printing, event security, and supplies and/or digital resources available to all clubs. These funds ensure clubs and Club Council can operate smoothly, as well as have resources for daily operation.

*Promotional Items:* Clubs can request funds for branded items such as pens, notebooks, or banners. Promo items build brand recognition for student clubs, build community within a club, and provide clubs a way to encourage engagement in their organization. It must be available to a wide range of UWB students for the purpose of increasing a club's visibility on campus.

*Apparel:* Clubs can request funds for apparel items (i.e. shirts, sweaters). The purpose of the apparel is to bring a sense of unity and togetherness in a club. The Club Council decided to waive a small fee to help accommodate students during this pandemic.
**Uncapped On-Campus Event:** This fund allows clubs on campus to hold events that may exceed the Club Council programming cap. This type of funding is limited to one per club per year (including collaborations with other clubs) and must benefit the UWB community.

**Alumni Association Fund:** Funding comes from UW Alumni Association member dues. $5,000 has been gifted this academic year. This fund is to support student activities for UW Bothell. These funds can be directed towards stoles, events, or activities for prospective graduates (i.e. soon to be new UW Alumni) such as graduation events or recognition of seniors.
