[Required] Executive Summary of Your Proposal

Please provide a concise overview of the program, activity, or service for which you seek funding.
*Remember that the contingency process is for new ideas/initiatives only, all other requests must be made during the Annual Cycle.

This proposal is to pay for a GaGa Ball pit. GaGa is a game much like dodgeball where players get into an octagon with the object of hitting a foam ball at their opponents lower legs to get them out. The pit is a set of collapsible, portable plastic walls that can be ordered to be purple and gold. The pit can be stored in the cage and can be set up either on the volleyball court or on the field. It is our hope to create tournaments and open play times for GaGa.

The total sum requested will cover the cost of the pit, tax and shipping.

[Required] Need for this Program/Service

In 200 words or less, please do the following:

--Describe the need for this program or service.

--If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative).

Student leaders had the chance to play this game at camp before school started. Every player loved the game and asked if we could get a gaga pit for campus. Additionally, GaGa is a fantastic way to exercise and requires no special equipment or skills so really anyone can play.

The intramurals program is growing and we are looking for new and innovative activities for students to fall in love with. Based on the response from student leaders, and the fact that GaGa ball is just plain fun, buying our own GaGa ball pit means we can bring the fun even more than we already do.

[Required] Estimate number of students that will benefit from your proposed program/service

In 200 words or less, please do the following:

--Indicate what the benefits of your proposed program for students will be.

--Estimate how many currently enrolled students will likely benefit from your proposed service or program.

--Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.

Some of the benefits to students include physical activity, and a great cardio workout with their friends. It's almost an opportunity to learn new game mechanics, providing an intellectual edge to the game, and, if popular enough, we could have a league that is an immersive and interactive part of the campus experience. Playing and competing in a tight knit space like this creates great camaraderie between players.

I would say a good 50-100 students will benefit initially until the new and unique game becomes popular through word-of-mouth and our advertising, and THEN we shall see an increase to at least 150+ students.

Staff and faculty could also play in our special GaGa events by purchasing the quarterly rec pass.

Additional Information Students will go gaga for GaGa!
