SAF Annual Proposal Form for the 2018-2019 Academic Year

The SAF Committee will be accepting applications for the annual budgeting cycle from November 13, 2017 until 5:00pm on January 11, 2018. The intent of the annual operating budget is to support on-going student activities, services, and programs. Services and Activities Fees are defined in RCW 28B.15.041 to mean “fees, other than tuition fees, charged to all students registering at the . . . state universities . . . The legislature also recognizes that Services and Activities Fees are paid by students for the express purpose of funding student activities and programs” of their particular institution. These funds will be available for the 2018 to 2019 academic year.

A member of your group must be available to attend a hearing with the SAF Committee tentatively scheduled for Friday, February 2, 2018 and February 9, 2018. Please include a regularly checked email in the application, as that will be the main form of communication between SAF and the requesting group. The SAF Liaison will contact the requesting group to notify them of a hearing time.

Please ensure that your request is in accordance with SAF Bylaws, which are available at the following website: http://www.uwb.edu/studentaffairs/safc/safbylaws. Please note the SAF Committee will be coordinating with Club Council to develop an efficient funding model.

The Committee will hold an open forum and appeals, tentatively scheduled for on Friday, April 13, 2018. Requesting groups will be notified of a preliminary budget before the open forum and appeals date.

Late applications will not be accepted, except at the discretion of the Committee. Adjustments to the final total requested by any club, group, organization, or department will not be accepted. After a request has been submitted, it may not be reopened for alterations or changes.

The submission window will be open on Monday, November 13, 2017.

Please reference the University of Washington Bothell's 21st Century Campus Initiatives at the following website and, if and where appropriate, please refer to the applicable initiatives:
http://www.uwb.edu/21stcentury

The overall purpose of this proposal is to create a high quality, peer reviewed research journal that can provide the students of the University of Washington Bothell campus with the opportunity to showcase their work from a wide range of disciplines. *The CROW* is an ongoing collaborative process that seeks to highlight the superior research conducted by UWB students, and to provide space for
comparing, analyzing, and generally thinking about the ways research on and knowledge production intersect. Our mission is to publish research and analytical papers on a broad range of topics spanning all disciplines, levels of analysis, and national contexts. With collaboration from the Writing and Communication Center, the Journal offers an opportunity for students (both authors and members of the editorial board) to hone their writing skills and emerge as more effective writers.

Question 9. *

Need for this Program/Service

In 200 words or less, please do the following:

• Describe the need for this program or service. Explicitly describe how does this program directly and indirectly benefit our community campus?
• If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative).
• If you have tracked the success of this program or service in the past, please provide that information here.

Going into its third year of publication, The CROW is the only publication on campus that provides students an opportunity to publish academic writings across all campus disciplines with an option of submitting multiple types of work. We have been proactively marketing to a broad student interest; The CROW’s editorial board has already received numerous submissions from students hoping to have their work published in this year’s edition.

Question 10. *

New Request or Previously Funded

Has this request been funded in the past? If yes, please indicate what part of the proposal was previously funded by SAF and what is a request for new allocations.

Yes. The last two years we have received funds to print and launch the production of the journal.

Question 11. *

Estimate number of students that will benefit from your proposed program/service.

In 200 words or less, please do the following:

• Indicate the benefits of your proposed program for students.
• Estimate how many currently enrolled students will likely benefit from your proposed service or program.
• Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.
Publication of *The CROW* provides a high impact learning opportunity to any student at UW Bothell who has developed their own abstract, full research paper, research proposal, literature review, analytical essay, or has a work-in-progress that they would like to share with the larger academic community. Through collaboration with the editorial board and the Writing and Communication Center, students who submit their work will be able to benefit from personalized and constructive feedback about their submissions to help them hone their writing skills and emerge as more effective writers.

*The CROW* editorial board provides hands-on experience to a group of committed students that participate in the reviewing, editing, and delicate process of providing feedback to students. *The CROW* is dedicated to helping students build confidence about their submissions as they move forward in the journey of academic inquiry. There are numerous benefits for all students at the different levels of participation with *The CROW* including students who read the journal and are inspired by its writings.

**Question 12.**

How do you plan to assess the program or service?

How do you plan to track the effects of this program or service?

For example, how would you track how the event/program/service went? How would you track how successful it was and what you could change in the future?

The success of *The CROW* will be assessed in several different ways: the dedication of student editors who participate (measured by the credit hours and students participating on the board), by the number of submissions we receive (which, going into our second year of publication, will be measured against the number of submissions receive the previous year, and in all forthcoming years), and by the caliber of the final publication which can be measured by student surveys and comment cards provided to enrolled UWB students at the journal launch party. The members of the editorial board have been selected because of their high academic standing, previous involvement in other publications on campus, and connection to the Writing and Communication Center on the UW Bothell campus.
