SAF Annual Proposal Form for the 2018-2019 Academic Year

The SAF Committee will be accepting applications for the annual budgeting cycle from November 13, 2017 until 5:00pm on January 11, 2018. The intent of the annual operating budget is to support on-going student activities, services, and programs. Services and Activities Fees are defined in RCW 28B.15.041 to mean “fees, other than tuition fees, charged to all students registering at the . . . state universities . . . The legislature also recognizes that Services and Activities Fees are paid by students for the express purpose of funding student activities and programs” of their particular institution. These funds will be available for the 2018 to 2019 academic year.

A member of your group must be available to attend a hearing with the SAF Committee tentatively scheduled for Friday, February 2, 2018 and February 9, 2018. Please include a regularly checked email in the application, as that will be the main form of communication between SAF and the requesting group. The SAF Liaison will contact the requesting group to notify them of a hearing time.

Please ensure that your request is in accordance with SAF Bylaws, which are available at the following website: http://www.uwb.edu/studentaffairs/safc/safbylaws. Please note the SAF Committee will be coordinating with Club Council to develop an efficient funding model.

The Committee will hold an open forum and appeals, tentatively scheduled for on Friday, April 13, 2018. Requesting groups will be notified of a preliminary budget before the open forum and appeals date.

Late applications will not be accepted, except at the discretion of the Committee. Adjustments to the final total requested by any club, group, organization, or department will not be accepted. After a request has been submitted, it may not be reopened for alterations or changes.

The submission window will be open on Monday, November 13, 2017.

Questions? Please contact the SAF Committee, at SAFuwb@gmail.com.

Information to Know Before Submitting Proposals
1. Read Guidelines for Funding/General Criteria for Evaluating Funding Requests before you decide to submit a request (http://www.uwb.edu/studentaffairs/safc/safbylaws).
2. Services and Activities Fees may not be used in support of credit-bearing courses.
3. If you plan on requesting food in your application, please familiarize yourself with the University Food Policy.
4. Please note that the committee cannot fund more than you request (with the exception of benefits associated with salaries or wages, which are set annually by the state and university). If there is a submission error, the committee cannot make any changes and will base their decision on the initial request only. Additional forms/attachments will not be accepted.

**Question 8.**

Executive Summary of Your Proposal

Please provide a concise overview of the program, activity, or service for which you seek funding. How does your proposal support the 21C initiatives?

Please reference the University of Washington Bothell's 21st Century Campus Initiatives at the following website and, if and where appropriate, please refer to the applicable initiatives: [http://www.uwb.edu/21stcentury](http://www.uwb.edu/21stcentury)

The focus of Intramural Activities at the University of Washington Bothell is to create an environment open to all students and that promotes healthy and diverse lifestyles. This is done by fostering healthy competition through organized sports and activities. Student leaders work with the program manager to create an environment that all students feel welcome in.

Intramural Activities are broken down into the following areas:
**League Sports:** These are sports that are held for the majority of the quarter. Each league has a regular season and a playoff bracket. Teams have an opportunity to play multiple games together.

This allows for them to grow as a group and build friendships that extend beyond the playing field. Typically, there are three league sports that are scheduled for each quarter: Soccer, Flag Football, Basketball, Ultimate Frisbee and Softball are some of the league sports offered.

**Tournaments:** While league sports offer more traditional sports, tournaments try to cater to a wider audience. For example, there has been laser tag, League of Legends, gaga ball, golf and bowling. Tournaments are often run due to students requesting that the activity be offered.

**Promotion:** Intramural Activities use many outlets to promote the sports and activities that are offered. This includes working with Orientation and Transition Programs, Residential Life and Campus Events Board. It also includes participating in Involvement Fairs and Preview Days. This allows for both the students and professional staff to build relationships with their counter-parts across campus to promote their individual programs as well as the University of Washington Bothell.

Intramural Activities support the following 21st Century Initiatives:

**Student-Centered:** With the exception of the program manager, Intramural Activities are entirely student driven. Student employees facilitate and officiate all sports and activities. Students participate and spectate those sports and activities. Finally, all sports and activities are provided based on requests from students. Intramural Activities strive to meet the desire to enrich student life.

**Community:** Intramural Activities provide a strong opportunity for community building. Students from all backgrounds come together and compete alongside and against each other in sporting activities. This forges friendships that strengthen the University of Washington Bothell community at large.

**Diversity:** One of the main goals of Intramural Activities is to get as many students as possible to participate. In order to do this a wide array of sports and activities are offered to try to meet the needs and interests of a diverse campus. Intramural Activities actively seek to enhance the campus commitment to diversity and inclusiveness.

**Question 9.**

*Need for this Program/Service*

In 200 words or less, please do the following:
The primary need for this program is that it brings students together outside of the classroom. It allows students to interact with their peers in an environment they normally would not. It creates a feeling of community that might not exist if students are just coming to campus, going to class and then going home. In 2017, Intramurals has increasingly severed more students since its temporary hiatus. There is growing interest and we’re being creative in how we recruit new students to participate.

Intramural Activities also provide a healthy outlet for students to relieve stress that can accumulate during the course of a school year. It is a safe and structured environment that allows for students to enjoy themselves in between the rigors of school and employment.

Question 10. *

New Request or Previously Funded

Has this request been funded in the past? If yes, please indicate what part of the proposal was previously funded by SAF and what is a request for new allocations.

This request has been previously funded by SAF. The overall request is higher than as last year to reflect the change of compensation.

Question 11. *

Estimate number of students that will benefit from your proposed program/service.

In 200 words or less, please do the following:

- Indicate the benefits of your proposed program for students.
- Estimate how many currently enrolled students will likely benefit from your proposed service or program.
- Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.

The benefits of Intramural Activities include promoting healthy lifestyles, strengthening the University of Washington Bothell community and providing students with an opportunity to learn valuable lessons such as teamwork and dedication.

In the 2017 calendar year, Intramural Activities saw 790 participants, correlating to over 1300 participations in programs ranging from laser tag, gaga ball, traditional sport leagues, to video game tournaments. Intramural Activities are open to all UWB and Cascadia College...
students. UWB and CC / faculty/staff have the ability to pay a quarterly fee to participate. This really makes the programs accessible to the entire campus community with interest in the programs.

Question 12. *

How do you plan to assess the program or service?

How do you plan to track the effects of this program or service?

For example, how would you track how the event/program/service went? How would you track how successful it was and what you could change in the future?

The effects of this program are tracked in a few ways. The first is by recording the number of participants at each sport or activity. This is important to assist in measuring if a sport or activity should continue to be run. In addition, feedback gathered from participants is very helpful in what goes well and what could be changed in the future. This is gathered in both informal discussions as well as a yearly survey. The final way in which the program is tracked is through the feedback of the student employees. Many of them participate in the sports that are offered and can offer feedback from their position as employee and participant.
