

2019-2020 SAF Budget Notes and Funding Stipulations

The SAF committee of 2018-2019 applied standardized wages for student employees with only those positions who were in a lead position or requiring specialized skill sets receiving wages higher than the minimum wage. Also different in this year's allocations is funding for professional development for student employees. Only staff received professional development specifically to attend conferences. Students may not attend any conferences for professional development, unless otherwise noted.

Food and refreshments may be purchased for UW Bothell-student functions as outlined by the UW food policy, which includes award receptions, training, activities, or programs. Such funds are intended to support activities and programs open to the general student body. Funds are not intended to support routine meetings associated with student organizations and groups (student government, campus events board, SAF, etc.). Services and Activities Fees may not be used to purchase or serve alcoholic beverages. If you intend to purchase food for events, meetings or training, please refer to the above-listed SAF bylaws and work with Student Affairs to comply regarding all food and refreshment purchases.
