<p><i>Question:</i> Executive Summary of Your Proposal (500 word limit) Please provide a concise overview of the program, activity, or service for which you seek funding.</p>	<p>We are asking for funding for the UWB Speech and Debate society. Our amounts and details are listed in the spreadsheet we sent to SAF. The Speech and Debate society participated in debate and speaking tournaments while representing UWB. We go to both in person and online tournaments and take as many students as we can with the funding available to us. Students in our program benefit from critical thinking and writing practices which are vitally important in both University and professional life. Our members benefit from the social aspect of the program, talking about and exploring different opportunities at UWB because of the people they come</p>	

into contact with at our club. We also had national success at tournaments last year. Our British Parliamentary students placed 5th in the country at Nationals. With all female participants taking awards for Speaking contests. We would like to expand our network of debaters throughout campus and host social nights where debaters can get together, eat pizza, bowl and talk about our fondness of debate. We make lasting friendships with our fellow debaters and are invested in the community we've built and find support and fulfillment in.

Question:

Need for this Program/Service (500 word limit)
Please describe the need for this program or service. Explicitly describe how this program directly and/or indirectly benefits the campus community? * If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative)

The Speech and Debate Society provides students with a safe and respectful space to debate ideas, and current events. We have a wide range of members from various political, religious, and social backgrounds all of whom are welcome and respected. We provide students with the opportunity to practice critical and creative thinking as well as writing and public speaking skills which follow us throughout our lives and experiences. We are an accepting and welcoming community and it's important that students have a space where they can explore new ideas, talk about opinions and debate topics in a respectful environment. Without the program we would not be able to do this and it would be a great loss to the UWB culture.

Question:

New Request or Previously Funded (500 word limit) Has this request been funded in the past? If yes, please indicate what part of the proposal was previously funded by SAF and what is a request for new allocations. If this is a one time funding request, please note that in the description.

Our request has been previously funded. The only part we were not funded from last year as far as I am aware is our assistant coach. We would greatly appreciate this to be reconsidered this year as assistant coaches would be extremely helpful in terms of transport, and especially debate prep during tournaments. Sometimes we have 10 students at a tournament and if we only have 1 coach it can be difficult for her to spend as much time as she would like to with each of us on prep.

Question:

Strategic Plan/5 Year Goals (500 word limit)
Please describe your strategic plan or description of your key strategic goals over the next five years.

Over the next five years we will focus on making the team larger, inviting more people to the team, hosting more events on campus, if we were able to with the school's permission we would love to host a tournament. We will do these things by staying in contact with SAF so we know what we are and are not allowed to do throughout the year. We would also love to have members go to classes in order to talk about our club and find new interested members.

Question:

Program Benefit Estimate number of students that will benefit from your proposed program/service (500 word limit). * Indicate the benefits of your proposed program for students. * Estimate how many currently enrolled students will likely benefit from your proposed service or program. * Estimate the number of any other individuals (and indicate their affiliation) that might benefit from this service or program.

The UWB Speech and Debate Society is a club that helps students discover and foster their critical thinking skills through the practices of both speech and debate. We hold practices and take students to competitions where they can showcase their skills through individual speaking events and through different forms of debate such as IPDA, and Worlds Debate. We are also a very

politically conscious group, so we like to hold events on campus that get students discussing political, and sometimes controversial, issues in a civilized manner; not looking to prove one side right and one side wrong, but rather to try to get to the heart of the issues that matter to UWB students. The Speech and Debate society not only conducts two practices per week, we also host campus events such as public forum debates. The campus and community are welcome and can benefit from the skills and relationships that speech and debate builds. Our club is invested in providing a safe, respectful space for all UWB students to discuss and debate. This can include serious topics including when we hosted the presidential debates or lighthearted topics such as which Hogwarts house is best. We also stage show debates to showcase skillsets of UWB students. For example, last year we held a really fun debate on whether the statue of secrecy should be upheld. This was a topic based on a popular book/movie series. Additionally, we are very active in terms of service to the community. Our members are active in a Speech and Debate program at Monroe State Corrections Facility where we teach a debate class on Sundays. This program helps to foster skills that will be helpful for reentry to society and helps to provide some intellectual stimulation. We also have connections to the Seattle Urban Debate league. Club members also are invested in judging and helping to coach local high schools and middle schools.

Question:

Financial and Operational Health (500 word limit)
How do you plan to assess the program or service? Please describe any metrics or operational targets your unit uses to assess its financial and operational health? Describe the metrics, the metric targets and actuals of metrics. (E.g. student- student employee ratios, student-to-staff ratios, in-process measures).

Operational success is measured by representation of majors and interest areas on the debate team. We also measure success by the number of events on and off campus, and by the numbers of campus and community by keeping a tally of attendees. These are tangible numbers that we will be able to evaluate objectively.

Question:

Additional Information (500 word count) If needed, please include any other information you feel is relevant to your request.

Debate provides valuable experience in public speaking, critical thinking, and writing skills to all who participate. In addition to those benefits the social aspect is one that is highly rewarding to all participants. Debate members become friends, we talk about our dreams and plans both for our university experience and beyond. We workshop ideas, talk about possible interests and network about potential opportunities during and after our time here. Mia Harris our debate VP is extremely active on campus and off which is an amazing resource to have to our members. Many of our members vary in fields of study from IAS to Physics and Engineering ensuring that we are exposed to a variety of interests when it comes to choosing minor programs and fields of study. We are exceptionally lucky to have our debate coach Denise Vaughn, she is a priceless asset to us and our team. She coaches us on techniques, advises us on what

	<p>topics we are already knowledgeable on and what we should brush up on. Additionally, when it comes to recommending UWB programs to participate in she is very knowledgeable. Last year she recommended I look into and apply to the UWB DC Human Rights trip and not only was I accepted and had a great experience but I made Human Rights my minor at UWB. She also wrote me a letter of recommendation for my Study Abroad scholarship I got through UWB which I was very humbled and proud to receive. Denise is our most priceless assistant and she is dedicated to ensuring that every student she comes across in debate has a positive experience. My favorite part about debate and UWB is the advice and guidance I've received from her.</p>
