<p><i>Question:</i> Executive Summary of Your Proposal (500 word limit) Please provide a concise overview of the program, activity, or service for which you seek funding.</p>	<p>The UWB Speech and Debate Society is a club on campus that helps students discover and foster their critical thinking skills through the practices of both speech and debate. We hold practices for both oratory skills and take students to competitions where they can showcase their skills through individual speaking events and through different forms of debate such as IPDA, NPDA, and BP. We are also a very politically conscious group, so we like to hold events on campus that get students discussing political, and sometimes controversial, issues in a civilized manner; not looking to prove one side right and one side wrong, but</p>	

rather to try to get to the heart of the issues that matter to UWB students.

Question:

Need for this Program/Service (500 word limit)
Please describe the need for this program or service. Explicitly describe how this program directly and/or indirectly benefits the campus community? * If possible, include any data that might support your proposal (i.e. surveys indicating a need for your initiative)

Speech and Debate provides students the opportunity to combine critical thinking, deep research and public speaking skills. Students engage in academic discussions of topics of local and national interest and have the opportunity to showcase their knowledge and hard work. Speech and Debate is a unique opportunity for all students, at all levels, to engage in their academic environment as well as with the community. Public Speaking is a skill students and employers consistently highlight as critical for our graduating students. We also provide public forums and training in handling complex topics with integrity. Bringing public debate to campus engages the student body and the community. This is a highly successful program. In 2018, UWB Speech and Debate Society was ranked 5th in the Nation in Speech and Debate Sweepstakes. Many students contributed to this success with a high number of local, regional and national awards. This brings attention to our community but also trains our students as public speakers and facilitators. For the last three years, students from UWB have been ranked in the top 10% of students in interviewing skills. We have brought this back to campus in interviewing practice events organized and facilitated with a variety of clubs including Speech and Debate. We also engage in service work such as hosting Girl Scout public speaking training, participating in Pathways and in Club events on campus.

Question:

New Request or Previously Funded (500 word limit) Has this request been funded in the past? If yes, please indicate what part of the proposal was previously funded by SAF and what is a request for new allocations. If this is a one time funding request, please note that in the description.

Question:

Strategic Plan/5 Year Goals (500 word limit)
Please describe your strategic plan or description of your key strategic goals over the next five years.

The five-year plan for Speech and Debate Society is about growing our team, increasing our presence on the campus and commitment to public service. Each part of this plan will develop over five years. Speech and Debate Society is a large club which includes people who engage in Speech and Debate for the social connections and social service as well as people who participate in community and University events. A number of students also compete in local, regional and national tournaments. Speech and Debate Society is open to participants from across campus and currently includes students from Computer Science, Engineering, Law Economics and Public Policy, Media Communication Studies, Business, Global Studies, and Community Psychology. The competitive team has been highly successful reaching 5th Place in Speech and Debate Sweepstakes at Pi Kappa Delta Nationals this last year. There were also many individual awards. Speech and Debate Society is highly

connected to UWB campus and the larger community. On campus, we have hosted show debates and viewing sessions for Presidential and Vice-Presidential debates. We have also hosted political speakers and candidate forums. We have also co-hosted Interviewing events and public speaking mini-sessions. In the community, we have also hosted public speaking events for Girl Scouts, helped to repair Native American button blankets with Boy Scouts, and helped to distribute warm jackets to the homeless. As a competitive team, we have served hundreds of students as competitors, helped to coach and judge for local high school and junior high debate teams, and hosted local high school Model United Nations events. We have also traveled locally and nationally, seeing significant awards. We intend to grow in each of these three significant areas over the next five years, strengthening our presence on campus and growing the opportunities for students to participate and serve one another.
