Executive Summary of Your Proposal

Please provide a concise overview of the program, activity, or service for which you seek funding.

The primary ambition of the Vocal Society at UWB is to cultivate student's musical talents and to promote confidence in the singing abilities of each and every student. This club is determined to gain recognition and assume a presence at the University of Washington Bothell starting Winter quarter and extending into the foreseeable future. As such, this club is expected to require event-holding supplies such as food and stationery for quarters to come. As the Vocal Society is intended to act as a choral group, performances and advertisement will be necessary, as well as sheet music and potentially uniforms; law permitting, of course.

Need for this Program/Service

In 150 words or less, please describe the need for this program or service. Please include any data that might support your proposal (e.g., the number of students who have participated in your service or program in the past). If your program is currently funded by SAF, please indicate how you have used the money to help your organization meet its goal(s).

Materials for performances, rehearsals, advertisements, events, preparatory equipment for individual group members (sheet music, possibly folders & music stands), maybe props, etc.

How do you plan to assess the program or service?

How do you plan to track the effects of this program

or service?

For example, how would track how the event/program/service went? How would you track how successful it was and what you could change in the future?

The Executive Board of the UWBVS will evaluate for success by recording and calculating: number of students in attendance at each meeting, number of students arriving at each event, occasional feedback requests, etc.

In 150 words or less, estimate how many currently enrolled students will likely benefit from your proposed service or program. Approximately at least 30 students will benefit from the proposed program.

Performances and events would benefit the student body, holistically, as well as the faculty.

In 150 words or less, please describe the benefits that participants are likely to gain by attending or participating in this program or service.
