Program Title: Student Life and Student Organizations

Campus Affiliation: UWB Student Affairs

Contact Person: Colleen Quinn

Email: cquinn@uwb.edu

Campus Phone No. 425.352.5264

Campus Box No. 358500

Brief Project Overview:

I am submitting a proposal to the STFC to purchase a HP Designjet 90 and subsequent supplies for our Student Organizations to use. In order to print large format posters (18x24) UWB student organizations currently have to send their jobs to Kinko's or other print shops to print. Purchasing a Large Format Printer like the Designjet would save our students time and money.

Full description of the project that includes the following sections:

A. The goal of the program or project

- To save our student organization significant money in printing costs
 - Kinkos (18x24 color poster) = \$30.00
 - The proposed cost of a (18x24 color poster) = \$6.00
- The convenience of having posters printed on campus would encourage our student organizations to advertise more for events and meetings.
- Using a large format for creating posters would cut down on spelling errors and the sometimes messy look of handmade posters.

B. A description of the program and how it will benefit the student body

The University of Washington currently has 32 registered student organizations. These student organizations hold regular meetings and events throughout the year. Student Organizations often request large poster style printing for advertising their events and meetings.

The desired product is a HP DesignJet 90 and the subsequent supplies.

C. Specific information about the equipment and/or services being requested

We are seeking to purchase the inkjet and start-up cartridge and paper supplies to last for approximately 6 months. After the original supplies are purchased we will charge the Student Organizations at cost for poster printing. It is expected that an 18x24 inch poster will be approximately \$6 for student groups which is still a \$24 savings from going off-campus for printing.

The description of the printer, cartridges and paper is listed below. Because the Campus Media Center nor Information Systems does not typically support large format printers we will purchase the 3 year service contract with HP.

D. How the project will be implemented and by whom

The Designjet will be installed and serviced under the HP 3-year Service Warranty. The Printer will be placed in the Student Organization Office in LBA 204.

E. What departments will be involved in the installation and support of this project?

Student Life and the HP service technician will be the only people involved in the installation of this printer. Information Services has said that they may be willing to help with small issues, but for the majority of items we will defer to the HP service technician.

GET MORE FOR YOUR MONEY

Make the most of your budget and protect against technology obsolescence. Lease these HP products with a purchase price of \$6,680.00 for 36 months for as little as \$216.37 per month. At the end of the lease, send the equipment back to HP Financial Services and upgrade to new technology or purchase the equipment at its fair market value.*

GET MORE WITH HP FINANCIAL SERVICES

For more information, call Hewlett-Packard Financial Services Company at 1-888-277-5942 and talk to a financial services representative who specializes in supporting government and education entities.

* The monthly payment amount is for a lease commencing on or before 3/7/2008 with a term of 36 months and a fair market value purchase option at the end of the lease term. This and other leasing and financing options are available through Hewlett-Packard Financial Service Company (HPFSC) or one of its affiliates to qualified education and state and local customers in the U.S. and subject to credit approval and execution of standard HPFSC documentation. Fees and other restrictions may apply. This is not a commitment to lease. Rates and payments are subject to change at any time without notice. Leasing and financing options for Federal governmental agencies (subject to a \$50,000 minimum) are available from Hewlett-Packard Company.
