OBSERVANCES

National Public Health Week

Each April, for the past 30 years, the American Public Health Association (APHA) has united communities nationwide to celebrate National Public Health Week (NPHW). NPHW was

established to recognize public health contributions and address key health issues. For the 30th Anniversary this year, take the time to appreciate current public health successes and create a vision for the future. For more information, "[Celebrate Public Health!](#)" has more details on the history and importance of NPHW.

National Volunteer Week – April 20-26, 2025

Shining a light on the people and causes that inspire us to serve. Commemorating 50 years! Since April 1974, National Volunteer Week has been an opportunity to recognize the impact of volunteer service and the power of volunteers to tackle society's greatest challenges, to build stronger communities and be a force that transforms the world.

Each year, APHA shines a light on the people and causes that inspire us to serve, recognizing and thanking volunteers who lend their time, talent and voice to make a difference in their communities. Checkout [volunteer opportunities](#) in your area.
