Dear Colleagues,

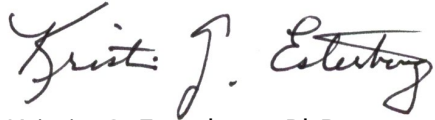

This letter is to invite you to serve on the UW Bothell Space Utilization and Provision Resource Group (SUPER-G) for the 2023-24 academic year. SUPER-G will be chaired by David Moehring, Senior Capital Planner with UW Bothell Physical Planning and Space Management.

SUPER-G is an advisory group that is charged with strategically evaluating space requests and proposals to align institutional expectations about space utilization, space optimization, space related projects, and funding. In this capacity you will advise the campus, the Vice Chancellors, and the Chancellor on space requests that meet established [criteria](#), with final decisions regarding space use remaining with the Chancellor.

Your participation on SUPER-G is important as we look to critically examine space requests in the coming year while continuing to align space decisions with the Campus Master Plan and strategic priorities and helping build the campus into the future.

Thank you for contributing your time and expertise to this important work.

Sincerely,

A handwritten signature in black ink that reads "Kristin G. Esterberg". The signature is written in a cursive style with a large, stylized initial "K".
