“UW Bothell is deeply rooted in our region, creating pathways for students to thrive and contributing to the vitality of Washington’s economy and diverse communities. Our approach — prioritizing hands-on learning, mentorship, interdisciplinary studies and access to opportunities inside and outside the classroom — ensures that our alumni are not only prepared for successful careers but are also equipped to make a meaningful impact in their local communities. The University’s Economic Impact Report highlights how our students, faculty and staff drive innovation and opportunity, reinforcing our commitment to the region we proudly serve.”

— Dr. Kristin G. Esterberg, UW Bothell Chancellor and Professor
